

FIBROGEN, INC.

CORPORATE GOVERNANCE GUIDELINES

The Board of Directors (the “**Board**”) of FibroGen, Inc. (“**FibroGen**”, or the “**Company**”) has established the following guidelines for the conduct and operation of the Board.

BOARD COMPOSITION AND SELECTION

Size of the Board

The Board shall establish the number of directors in accordance with our Bylaws. The Board periodically reviews the appropriate size of the Board, which may vary to accommodate the availability of suitable candidates and our needs.

Independence of Directors

The Board will be composed of not less than a majority of independent directors, subject to any exceptions permitted by the applicable listing standards of any stock exchange on which any of the Company’s capital stock is listed. In determining independence, the Board will consider the definition of independence set forth in such listing standards, as well as other factors that will contribute to effective oversight and decision-making by the Board. Directors will report any conflicts of interest to the Board and any related party transactions to the Audit Committee for their respective review and consideration.

Management Directors

The Board anticipates that our Chief Executive Officer will serve on the Board. The Board also recognizes that other members of our management, who can assist the Board in fulfilling its responsibilities based on their experience and role at FibroGen, may serve on the Board as appropriate.

Selection of Chief Executive Officer and Chairperson of the Board; Lead Independent Director

The Board will select the Company’s Chief Executive Officer and Chairperson of the Board (“Chairperson”) in the manner that it determines to be in the best interests of the Company’s stockholders. The Nominating and Corporate Governance Committee is responsible for identifying, reviewing, evaluating and recommending to the Board the candidate to serve as Chairperson of FibroGen, in accordance with its charter and consistent with the Board membership criteria listed below. It is the policy of the Company that the positions of Chief Executive Officer and Chairperson may be held by the same person, as the Board believes that this practice has been effective for a number of years in the past. The Board recognizes, however, that there may be circumstances that would lead it to separate these offices. If the Chairperson is not an independent director, one of the independent directors, may be designated by the Board as lead independent director to serve until replaced by the Board (“**Lead Independent Director**”). The Nominating and Corporate Governance Committee is responsible for identifying, reviewing, evaluating and recommending to the Board the candidate to serve as Lead Independent Director of FibroGen, in accordance with its charter and consistent with the Lead Independent Director criteria listed below. The Lead Independent Director will have the following responsibilities:

- With the Chairperson, establish the agenda for regular Board meetings and serve as Chairperson of Board meetings in the absence of the Chairperson;
- Establish the agenda for meetings of the independent directors;
- Coordinate with the committee chairs regarding meeting agendas and informational requirements;

- Preside over meetings of the independent directors;
- Preside over any portions of meetings of the Board at which the evaluation or compensation of the Chief Executive Officer is presented or discussed;
- Preside over any portions of meetings of the Board at which the performance of the Board is presented or discussed; and
- Coordinate the activities of the other independent directors and perform such other duties as may be established or delegated by the Chairperson.

Selection of Directors

The Board will be responsible for nominating members for election to the Board by our stockholders at the annual meeting of stockholders. The Board is also responsible for filling vacancies on the Board that may occur between annual meetings of stockholders. The Nominating and Corporate Governance Committee is responsible for identifying, reviewing, evaluating and recommending to the Board candidates to serve as directors of FibroGen, in accordance with its charter and consistent with the criteria listed below. The Chairperson of the Board, Chairperson of the Nominating and Corporate Governance Committee or Lead Independent Director will extend the invitation to join the Board.

Board Membership Criteria

The Board will determine the appropriate characteristics, skills and experience for the Board as a whole and for its individual members. The Board considers recommendations for nominees from the Nominating and Corporate Governance Committee. The Board will consider the minimum general criteria set forth below, and may add any specific additional criteria with respect to specific searches, in selecting candidates and existing directors for service on the Board. An acceptable candidate may not fully satisfy all of the criteria, but is expected to satisfy nearly all of them. The Board believes that candidates for director should have certain minimum qualifications, including being able to read and understand basic financial statements, and having the highest personal integrity and ethics. In considering candidates recommended by the Nominating and Corporate Governance Committee, the Board intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of FibroGen, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of our stockholders. The Board reviews candidates for director nomination in the context of the current composition of the Board, the operating requirements of FibroGen and the long-term interests of our stockholders. In conducting this assessment, the Board considers diversity, age, skills, and such other factors as it deems appropriate given the current needs of the Board and FibroGen to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Board reviews such directors' overall service to FibroGen during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the Board also determines whether the nominee must be independent for purposes of any stock exchange on which any of FibroGen's capital stock is listed.

Changes in Board Member Criteria

The Board and FibroGen wish to maintain a Board composed of members who can productively contribute to the success of FibroGen. From time to time, the Board may change the criteria for Board membership to maximize the opportunity to achieve this success. When this occurs, the Board will evaluate existing members according to the new criteria. The Board may ask a director who no longer meets the complete criteria for board membership to adjust his or her committee assignments or resign from the Board.

Term Limits

The Board has determined that it is in the best interest of FibroGen and its stakeholders to strike a balance between Board continuity and Board evolution. Directors who serve on the Board for an extended period of time are able to provide valuable insight into the operations and future of FibroGen based on their experience with, and understanding of, FibroGen's mission, history, policies and objectives. However, term limits ensure that the Board will continue to evolve with the infusion of fresh ideas and new perspectives. Subject to the paragraph below, Directors are not allowed to serve more than a total of fifteen years, and shall submit their resignation in compliance with this term limit. Director departures or resignations may happen at any time during his/her three-year term.

If a Director wishes to extend his/her tenure for another year, he/she shall submit such request in writing to the Nominating and Corporate Governance Committee, stating the rationale for such extension. The Nominating and Corporate Governance Committee shall promptly consider such request, taking into account any Board membership criteria. If granted, such extension shall be granted for no more than one year, after which the process described in these guidelines should repeat if requested. The term as Director of the person holding the office of President and CEO will be for as long as, and only for as long as, such person holds the office of President or CEO.

Limits on Board Memberships

Directors should advise the Chairperson and the Chairperson of the Nominating and Corporate Governance Committee in advance of accepting an invitation to serve on the board or committee of another company. The Board recognizes that a director's ability to fulfill his or her responsibilities as a member of the Board can be impaired if he or she serves on a large number of other boards or board committees. Service on boards and board committees of other companies should be consistent with our conflict-of-interest policies, and the Chairperson of the Nominating and Corporate Governance Committee shall ensure that a review of the proposed board position is conducted to determine whether it constitutes a conflict of interest.

Retirement Age

The Board does not believe that a fixed retirement age for directors is appropriate.

Directors Who Change Their Job Responsibility

A director who retires from his or her present employment or who materially changes his or her position should notify the Board and the Nominating and Corporate Governance Committee. While the Board does not believe any director who retires from his or her present employment, or who materially changes his or her position, should necessarily leave the Board; however, there should be an opportunity for the Board, through the Nominating and Corporate Governance Committee, to review the continued appropriateness of Board membership under these circumstances.

Diversity

The Board and FibroGen wish to maintain appropriate diversity practices with respect to the composition of the Board. The Compensation Committee is responsible for identifying, reviewing, evaluating and recommending to the Board the Company's policies and strategies relating to its diversity practices.

ROLE OF THE BOARD OF DIRECTORS

Our stockholders select the Board to provide oversight of, and strategic guidance to, senior management. The core responsibility of a Board member is to fulfill his or her fiduciary duties of care and loyalty and otherwise to exercise his or her business judgment in the best interests of FibroGen and our stockholders. Service on the Board requires significant time and attention on the part of directors. More specifically, the Board has responsibilities to review, approve and monitor fundamental financial and business strategies and major corporate actions, assess major risks facing FibroGen and consider ways to address those risks, select and oversee management and determine its composition and oversee the establishment and maintenance of processes and conditions to maintain the integrity of

FibroGen. Directors must participate in Board meetings, review relevant materials, serve on committees and prepare for meetings and discussions with management. We expect directors to maintain an attitude of constructive involvement and oversight, to ask relevant, incisive and probing questions and to require honest and accurate answers. FibroGen may offer continuing education programs to assist the directors in maintaining the level of expertise to perform his or her duties as a director.

DIRECTOR COMPENSATION

The Compensation Committee has the responsibility to review and recommend to the Board the type and amount of compensation to be paid or awarded to Board members. The Board will determine the form and amount of director compensation for Board and committee service for non-management directors in accordance with applicable legal and regulatory guidelines. The amount of compensation for non-management directors and committee members should be consistent with market practices of similarly situated companies. In determining compensation, the Board will consider the impact on the director's independence and objectivity.

The Chairperson will establish a schedule of subjects to be discussed during the year (to the extent this can be foreseen) and an agenda for each Board meeting. Each Board member is encouraged to suggest the inclusion of items on the agenda at any time and each Board member is free to raise subjects that are not on the agenda.

Prior to such recommendations, the Nominating and Corporate Governance Committee shall consider the interests, independence and experience of the individual directors and the independence and experience requirements set forth in the listing standards of any stock exchange on which any of the Company's capital stock is listed, the rules and regulations of the Securities and Exchange Commission and applicable law.

Committee Meetings and Agenda

The committee Chairperson, in consultation with committee members, will determine the frequency and length of the meetings of the committee, consistent with any requirements set forth in the committee's charter. The Chairperson of each committee, in consultation with the appropriate members of the committee and management and the Chairperson or Lead Independent Director, will develop the committee's agenda.

Delegation of Authority to Officers and Employees

The Audit Committee will review and assess the delegation of preapproval authority to the Company's officers and employees, including their authority to enter into agreements and obligations up to certain threshold dollar amounts for each applicable employee levels on behalf of the Company, and will recommend changes to the Board of the delegation of preapproval authority to the Company's officers and employees as necessary or appropriate.

BOARD ACCESS TO MANAGEMENT; USE OF OUTSIDE ADVISORS

Board members have complete and open access to our management. We expect our Board members to use their judgment to ensure that this contact is not distracting to the operations of FibroGen or to management's duties and responsibilities and that such contact, to the extent reasonably practical or appropriate, will be coordinated with the Chief Executive Officer. Board members should copy the Chief Executive Officer on written communications to management whenever appropriate.

The Board and each committee shall have the power to hire, at the expense of FibroGen, independent legal, financial or other advisors as they may deem necessary, without consulting or obtaining the approval of any officer of FibroGen in advance.
